C3 Metals Strengthens Board

C3 Metals Inc. (TSXV: CCCM) is pleased to announce the appointment of Fernando Pickmann as a Director of the Company effective December 1, 2020.

Fernando is a well-known, highly respected mining lawyer, company director and member of the business community in Peru. Mr. Pickmann has over 20 years' experience advising government, as well as national and international mining and exploration companies operating in Peru, including a number of highly successful TSX listed juniors. Fernando has acted as an internal advisor to the Peruvian Government; been a board member of Perupetro SA, the Peruvian agency for oil and gas; and was a Professor of Mining Law and Strategic Alliances at Lima University. He is currently a partner of Dentons law firm based in Lima specialising in the Peruvian mining sector, a Director and President of TSX-V listed Regulus Resources and a Director of Aldebaran Resources Inc.

Tony Manini, Chairman of the Board of C3 Metals Inc. stated "It gives me great pleasure to welcome Fernando as a Director of C3 Metals at this very important and transformational time for our Company. His extensive experience and knowledge of both the regulatory and operating environment for exploration and mining companies in Peru further strengthens our Board's capabilities and provides access to expert advice for our management and in-country operating teams. We are very excited by the potential for a significant discovery on our flagship Jasperoide copper-gold project and look forward to working with Fernando to build significant value for all our stakeholders".

Fernando Pickmann – Background

He has been a board member of Perupetro SA (Peruvian agency for oil and gas), is a current Director and the President of TSX listed Regulus Resources and a director of TSX listed Aldebaran Resources Inc.

About C3 Metals Inc.

C3 Metals Inc. is focused on creating substantive long-term value for its shareholders through the discovery and development of large copper and gold deposits. The Company's flagship project is the under explored Jasperoide high-grade copper-gold skarn and porphyry system located in the prolific Andahuaylas-Yauri Porphyry-Skarn belt of southern Peru. Mineralization at Jasperoide is hosted in a similar geological setting to the nearby major mining operations at Las Bambas (MMG), Constanca (Hudbay) and Antapaccay (Glencore).

C3 Metals also holds a 100% interest in five licenses covering 207 km² of highly prospective copper-gold terrain in Jamaica, a 100% interest in two porphyry copper-gold properties (one under option to Tocvan Ventures) covering 304 km² in the Cascade Magmatic Arc of southwestern British Columbia and a 100% interest in the 46 km² Stewart Brook gold project in the Meguma belt of Nova Scotia. C3 Metals is seeking partners to further develop these highly prospective Canadian and Caribbean assets.
